Joining after sign-in - Everyone

1. Once you are logged, Remo will remember it till you logout. You can keep it logged in till the end of the conference.
2. Test your camera, microphone, and speaker on the next page.

3. Some browsers and Linux operating systems may return an error (but skip and try your luck! Or, try another browser).
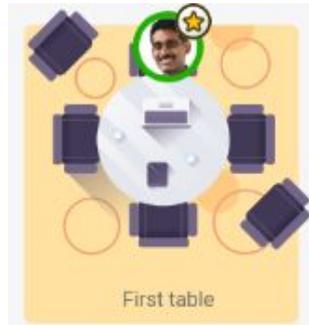

.

Participating in a Session Hall

1. Once you login your will be taken to a "room" with a top view of tables and chairs like this:

2. When the presentation has not started you will be randomly placed on any table on any floor.

First table

Participating in a Session Hall

3.   You can initiate a video conference with others on the table, say "Hello" and get introduced. Offer a position or ask for one, whatever…

4.   You can also pre-arrange to meet your friends at a particular table. Tell them over your phone on which floor and table you are located.

5.   .Once the session starts, the screen will switch to the presentation mode where the speakers and their presentations will appear.

6.   At the end of the session, you will be back to the floor table where you started.

7.   To switch to another building, visit the schedule page and click on that venue link.

Participating in a Simulated Poster Hall

1.   From poster schedule webpage note down the table number you want to visit and click on the building name link next to it.

2.   When you click on a building name, Eg. Sahyadri, Kritika, Sarayu, etc. you will be randomly placed on any table on the floor of that building.
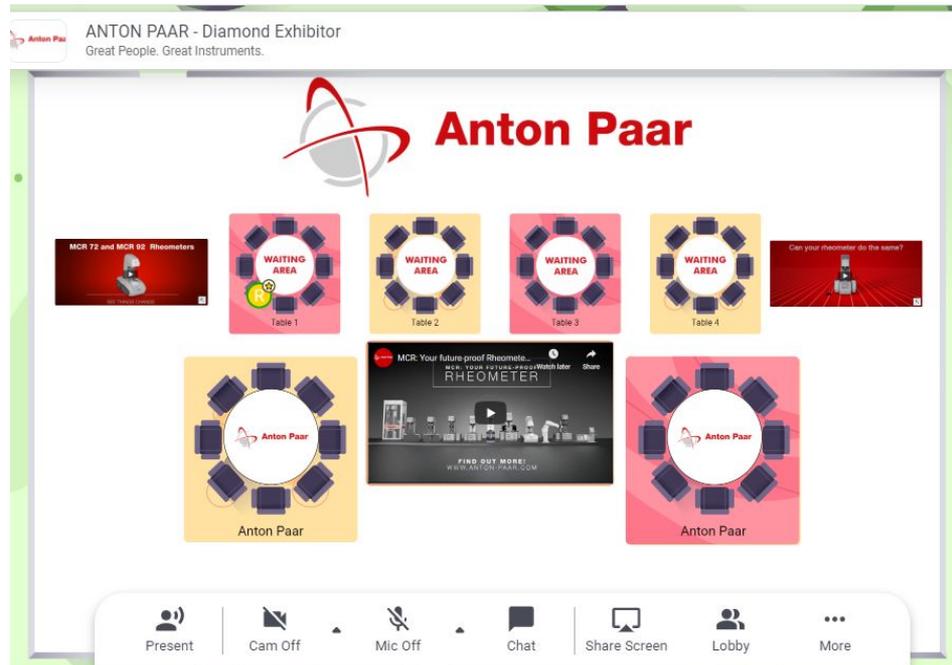

Participating in a Simulated Poster Hall

3.	Example, if you want to visit Table 4, click on "View poster video" link on the top of Table 4.

4.	If you want to meet the presenter on Table 4, double click on "Meet presenter" link at the center of Table 4.

5.	Turn on your Camera and Mic, you will be connected by video conference with the presenter, who may be already discussing with other visitors on their table.

6.	Presenters must occupy their tables before the scheduled start time. You will initially be placed at any random table when you enter the "hall". Shift to the table allocated to you soon after (see the schedule on website for the table numbers)..
